

Convenient and Secure Transactions

for the association
and nonprofit world

WHAT IS RHYTHM PAYMENTS?

Powered by the global leader Worldpay, Rhythm Payments seamlessly integrated with our AMS to offer a frictionless payment experience for your members and constituents to make payments at a time and place that fits their day-to-day life through Apple Pay and Google Pay, while ensuring top-tier security and compliance.

With Rhythm Payments, you get a reliable, modern solution that understands your organization and provides direct support, eliminating the frustration of dealing with multiple providers. Built on Worldpay's robust infrastructure, we handle payments and problems that others can't.

Replacement Card Automatically Update

New card details are automatically updated whenever they expire, are lost, or stolen - keeping your revenue on track

Apple Pay and Google Pay Support *COMING SOON*

Constituents can make a payment from wherever they are with new digital wallet options - Google Pay and Apple Pay

Frictionless International Payments

Facilitate hassle-free payments from any corner of the globe through our partnership with Worldpay - the leading global payment processing provider

Instant Credit Card Authorization

Check to make sure cards are valid when they are entered, reducing billing run errors

Intentional Security and Compliance

After all, it's data and we know how important that is. We stay up-to-date on the latest requirements, so you don't have to

One-Stop Shop Support Team

Our dedicated and responsive support team ensures prompt assistance for both our AMS and Rhythm Payments

You have questions? We have answers.

What are the fees associated with using Rhythm Payments?

One of our primary goals in launching Rhythm Payments is to simplify the fee structure by reducing both the number and amount of fees – keeping your fees as close to your historical rates as possible and based on your usage and/or volume.

What types of payment methods does Rhythm Payments accept?

Rhythm Payments accepts digital wallets (Apple Pay and Google Pay - COMING SOON), all major credit card (Visa, Mastercard, American Express and Discover) and ACH transactions.

What currency is supported on Rhythm Payments?

Rhythm Payments is powered by the Worldpay network – a global leader in e-commerce in 146 countries and across 135 currencies, meaning they provide the robust international payment support we know the association world needs.

Does Rhythm Payments provide reporting and/or analytics capabilities?

In addition to the standard reporting capabilities in Rhythm, you will also have access to a wide range of transaction reports and sophisticated dashboards to show you accurate revenue information within your Rhythm Payments portal.

What kind of customer support will be available?

Once you have officially made the switch from your previous payment provider, you will only be working hand-in-hand with our Rhythm support team with prompt assistance and personalized service. No additional outside teams required!
